

Animated Banner For Website Instructions

Try using the zip file with the instructions below.

- **banner.html:** Copy and paste this web code into the webpage code at the location you want the banner to appear.
- **banner.swf:** Put this Flash animation into the same folder as the webpage that contains the code.
- **openUchooseAccount.html:** This blank page links from the Flash animation to your webpage. Please edit or redirect it to the area on your website that describes how to open a credit or debit card account that will earn UChoose Rewards.
- **uchoose.html:** This blank page links from the Flash animation to your webpage. Please edit or redirect it to the area on your website that describes your UChoose Rewards program.

The animation also links directly to the uchooserewards.com website from the "*Have a Card? Register today*" section. This link will open in a new window so you will not lose the visitor browsing your website.
