Most rewards programs have limited options on where to shop, and it takes forever for your points to accumulate. **UChoose Rewards** changes all of that.

There's never been a better time to use your [FI NAME] [CARD NAME] for all your business needs. Purchase inventory, office supplies, even lunch, or book business trips with your card so all expenses provide an additional positive return by racking up reward points. The more you shop, the more you earn and the more you earn, the more you are rewarded.

How Does It Work?

Earn [# pts for every \$#] you or an employee spends.

- [• Shop in-store and be sure to sign for your purchases.]
- Redeem points for millions of items.
- Shop and earn more points.

It's that easy! Just shop, earn, and choose!
